

Payments transformed. What's next?

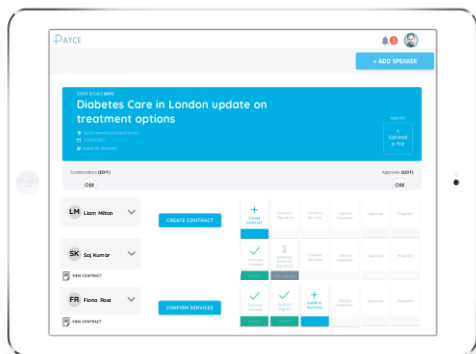

PAYCE transforms collaboration

PAYCE is a purpose-built contracting and payment tool that transforms collaboration between healthcare professionals and the life sciences industries

Portal for
healthcare
professionals

A single place where healthcare professionals manage their events across different companies, sign contracts and submit expenses

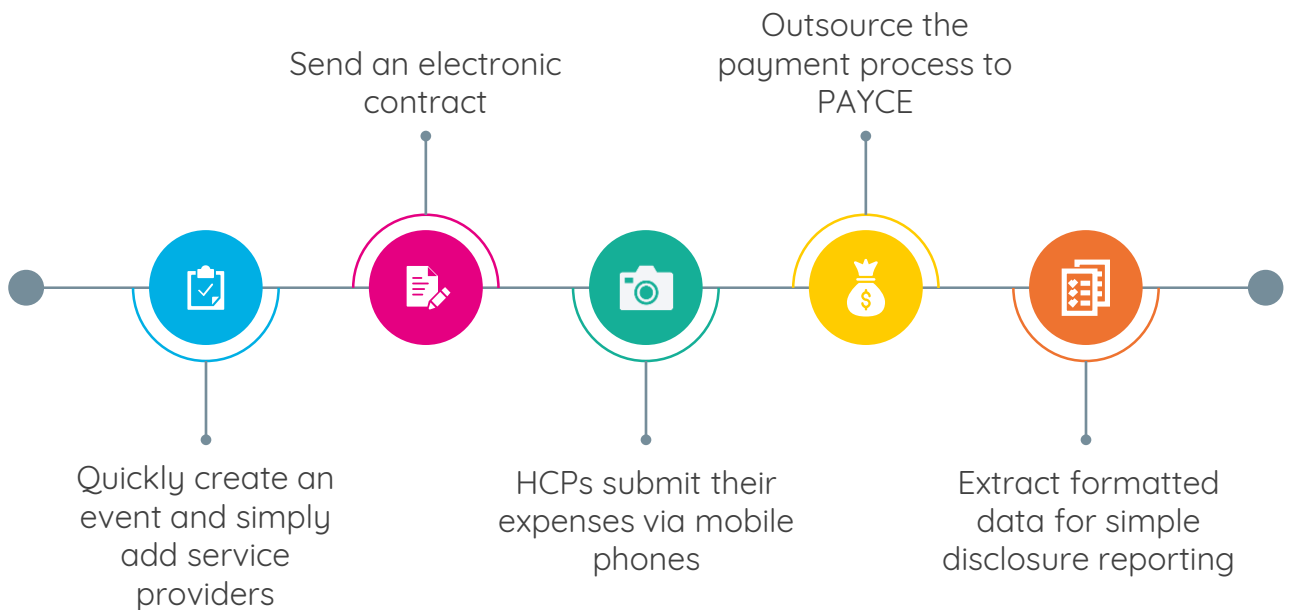

Platform for
event
organisers

An intuitive web-based platform for company representatives to issue service contracts and track the status of payments for their events at any time

PAYCE simplifies and speeds up contracting and payment with healthcare professionals

PAYCE provides a controlled and intuitive process flow to guide users through the steps that they need to take

Turning a problem into a competitive advantage

Saving time, creating possibilities

Confidently getting it right
